EAA Air Academy

The Arizona Council of EAA Chapters is accepting applications for the 2007 Air Academy Scholarship in Oshkosh, WI.

The Arizona Council will be sending 2 cadets to the Air Academy the latter part of July. To be considered as a candidate the student must:

- be 16-18 years of age
- be a Young Eagle
- write a letter of interest
- have 2 letters of reference from non-family members
- be available for travel between July 16 -July 26, 2007
- provide some personal expenses
- become an EAA member
- write a follow-up report
- be available to attend Copperstate in October and speak about their experiences at an Air Academy/Young Eagle Forum.

The completed application, letter of interest, and referrals need to be mailed to me by April 15, 2007. The committee will review and select the candidates by May 15, 2007.

Please send the information to:

Cheri McGunagle
3153 W. Spirit Dr
Anthem, AZ 85086

Thanks for your help and participation in this wonderful program.

From Your Flight Advisor...

A reminder to all who plan to fly their aircraft to destinations outside the US:

As of **January 23, 2007**, a new law is in effect requiring a valid US Passport to reenter the US from any point abroad, including Canada and Mexico. Previous documents, like a birth certificate or similar ID will no longer be accepted. Children and spouses will be readmitted only if posted on a common passport. It usually takes at least six (6) weeks to receive a passport after ordering it, so plan ahead. The previous requirements for large registration "N" numbers (12") and a valid FCC License for the transmitters in your aircraft are still in effect for flights abroad. Valid insurance coverage is also required. Of course, you will have to reenter the US via a designated Port of Entry Airport and go through Customs.

New Benefit for EAA Members

Introducing a new EAA Member Benefit launched this year - the EAA Finance Program (administered by AirFleet Capital, Inc.)

The EAA Finance Program was unveiled at Sun-N-Fun and EAA AirVenture Oshkosh during 2006. AirFleet Capital staff was on hand to meet and greet pilots in EAA's Member Village at both events, answering questions and providing information to members. The staff from AirFleet Capital also attended the 2006 NBAA convention in Orlando, Florida, assisting EAA in reaching out to the business aircraft market.

The EAA Finance Program provides a wide array of programs to meet the needs of our members. It's currently able to finance experimental aircraft (kit & airworthy), light-sport aircraft, piston, helicopter, and jet aircraft. With their extensive knowledge, passion, and experience in general aviation, EAA and AirFleet Capital have created a program that offers a variety of options that are constantly changing to meet the needs of members. This was evidenced by a new program launched by the EAA Finance Program that allows for financing of progress payments for the new very light jets (VLJ's) which have recently been certified. There are many pilots looking to purchase an aircraft in this new class, but who have to make payments as the aircraft progresses in its manufacturing process. The EAA Finance Program is able to help those who are in a position to order their VLJ with the progress payments.

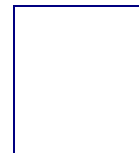

The EAA Finance Program has also been aggressively supporting the special light-sport aircraft (S-LSA) market. As this new class has developed, EAA and AirFleet Capital have been right there, rolling up their sleeves, obtaining information and research on the various aircraft, and producing financing options for these aircraft to fit the needs of the sport pilot. As the light-sport aircraft industry continues to develop and change the face of recreational aviation, the EAA Finance Program will continue to review the aircraft entering the market in order to support those aircraft that have been accepted and certified by the FAA. This is all part of EAA's mission to make aviation more attainable and affordable to its current and future members.

To obtain more information on the programs offered by the EAA Finance Program, give them a call at 866-808-6040 and a representative will be happy to speak with you and answer any questions you may have.
